

CSC 236 FP2: Making Progress on Project

This team project assignment was created by Dr. Jan Pearce

This project planning document is not designed as a POGIL assignment

You are to work in your project team.

Please complete the following:

Team	Member Name
Student 1	
Student 2	
Student 3 (If needed)	
TEAM NAME	

Directions to save this document:

- One student makes a copy of this worksheet for the entire group in their Google account, changing the document title so that it is *csc236_fp2_yourusernames*

Making Progress on the Project

1. Summarize the state of your project. *Remember that we need an honest assessment of where you are so that we can plan a realistic step forward.*

2. Discuss and make group decisions about what your team believes needs to happen before the next group meeting. Write down these decisions below

-
-

3. Decide what you wish to accomplish in class today.

-
-

Assigned tasks for each team member

4. Each teammate is expected to read and reflect on the relevant sections in the textbook. Write your name below to indicate that you reread these relevant sections. See [CSC 236 Project Partners and Topics](#) for the list of sections assigned to your team.

-
-
-

5. Read the entire [Final Project Requirements](#) document and write your name below to indicate that your understand what you are expected to do:

-
-
-

-
6. List out each team member's name and **specific** tasks they must do to complete the project. *Remember, this is **NOT OPTIONAL**.*

Name	Tasks

To Submit
