

Fashion Analysis Curriculum Outline

Course Name: Fashion Analysis (Dual Enrollment with Fox Valley Technical College)

Grade Level (s): 9-12

Course Description: This class will be an extension of introduction to fashion. It will require students to use more advanced sewing and pattern making skills. Students will have the option to choose projects that demonstrate depth of understanding. This class will also introduce students to more equipment, notions, and technology related to the fashion industry. Students may be asked to provide fabric or notions to complete projects of their choice.
