**\*growf!\***

Welcome to the end of April! Already. Well my first Wednesday off was a bust - unbooked it because it was raining most of the day. Not that I can't kayak in rain so much as it's SO messy to have to load the gear, unload, setup, kayak, repack, reload and then put it all away when everything is soaked. Hopefully weather will be nicer next week.

Once again, I'm not getting much in the way of feedback on these Paw-Posts when I ask a question here - please don't be afraid to comment! Your feedback is what allows us to know how we're doing, and when I ask stuff like what we can/should/might add to this Paw-Post, it's crucial to know if the new content will be worth while. So once again, let me ask - would any of you like to see a section added in for Lifehacks/tips/how-tos or that sorta thing? **Comment and let me know!**

In honour of the release of 'Avengers: Infinity War' today (and in case you missed this the first time around), here's *A Bad Lip Reading* of 'The Avengers'. XD

Ello! Sorry I have not been around for a while. You can blame life for that, but all is well nonetheless!

## Most Pawesome Picture

***“Just Gunna Lean on this here..” by Teaselbone***  
**(C3 -- sfw -- m | m -- badger, cat -- macro, foot-worship)**

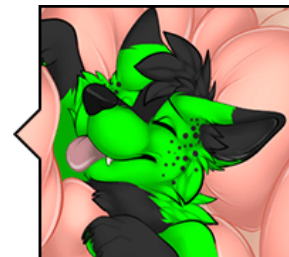

Oh man - Startide is living the dream here man - a big, loving sole-hug on those amazing badger feet! The feet just look SO good in this one, and I love that Teasel posed each of them different. Great looking character overall. Also, if Startide seems familiar - he should! [He was a character highlight back in February of 2017.](#) :) I also love the whole benevolent macro aspect of this. A thank you to Sera who helped with narrowing down Most Pawesome this week since there were some tough calls!

## Mr-Pink's Random Music Pick

[Pogo - "Data & Picard" - 2016](#)

I just found one of my new fav artists this week. Like I can't even put into words how much I love this guys work... I'm not much into Star Trek or Sci-Fi in most cases but this song is still brilliant.

## CAThulu's Random Music Pick

[Deep Forest -- "Sweet Lullaby" -- 1993](#)

[Deep Forest](#) are comprised of two French musicians; Eric Mouquet, and Michael Sanchez. Michael has moved on to his own solo career but Deep forest is still going strong after 20 years. This was their first single.

From Wikipedia: *"The song is based around a traditional [Baegu lullaby](#) from the [Solomon Islands](#) called "Rorogwela", and uses a vocal sample of Afunakwa<sup>[1]</sup>singing, originally recorded by [ethnomusicologist Hugo Zemp](#) in 1970 and later released by UNESCO as part of their Musical Sources collection.<sup>[2]</sup>The lyrics refer to a young orphan being comforted by his older brother despite the loss of their parents.<sup>[3]</sup>"*

The video itself is gorgeous, and is a greatly needed reminder today of how much we share with one another across the world.

## TC's Random Music Pick

[Lindstrøm - "I Feel Space" - 2005](#)

Genre: Nu-Disco/electronica

Hans-Peter Lindstrøm is a Norwegian music writer/producer who churns out some really cool electronica stuff. I like how this starts off pretty simple with a good beat and synth melody, but it gets more and more unique as it goes. I like the

creativity as it goes on. [You can also buy this one on Beatport](#) (aka, not god-awful iTunes).

# Open for Sales/Commissions

**NOTE:** Just because an artist is not marked with "paw-friendly" doesn't mean they don't draw paws - just that I'm not sure if it's a theme they do a lot. I try to use that indicator when the artist is known to draw paws a lot, or has confirmed they don't mind the subject. Also be aware that this is a point-in-time list - it is accurate night of the Paw-Post's release, but may change as slots fill up. Always check!

## Some Q&A

(TC) Hi ThaisMotsuwa! Welcome to the Paw-Post - and thanks for taking us up on the offer for an interview. ^\_^ First question I gotta ask - you have such a great alias/nickname - how did you come up with it?

(Thais) Hello TC, really thanks for giving me the honor to participate in this paw post.

My real life name is Thais!

Motsuwa comes from a anime called "Chobits". It was part of my childhood and gave inspiration that made me who I am today.

(TC) Whoa... that is a cool name! Never heard it before. Neat to have your name and inspiration tied together like that. ^\_^ When did you first start drawing furry stuff? Did you draw before that?

(Thais) Well... I started to draw furry in 2015, a good friend of mine named YokoSnowy showed to me the furry fandom and after that I started to draw furries. And I've doing art since I was 8. Also I improved my art in a drawing school, they taught me all the basics; how to properly draw comics and a lot more! xD

(TC) Oh cool - so you were trained in it, started at a young age, then ended up in the fandom with it. Do you intend to make a career out of it?

(Thais) Yeah! Work with animation was my dream since I was a kid, I'm talking about the 2D kind of animation, not exactly the 3D.

But who knows the future, right? XD

(TC) That would be amazing! There needs to be more 2D animation, I think. So is the furry art more like something you do on the side then?

(Thais) Well, drawing is something i love to do, it feels nice when you finish art and share it to the world! It's even more awesome when you get dozens of comments and compliments in it! :3

Anyway doing art is my main income, since I was only 18, and around here it's really hard to get a full time job! Brazil economy is going from bad to worse! :c

(TC) This is very true! And yes, unfortunately Brazil and many other places are struggling right now. So for now, it's good that it's a main source of income for you. Now, not that it should come as a surprise, but a reason we wanted to have you here as a highlight was because you draw some really nice footpaws, and often, they are the main theme of your picture. So first question then - are footpaws something that you personally enjoy? In what way, if so?

(Thais) Yeah, I enjoy drawing paws! And even love when people also like paws! Personally, my husband is the paw addict, doesn't mean I don't love paws too, but he loves even more than me! XD

And I always ask for his help when I draw paws! ^^

(TC) Oh wow - so that's an interesting twist on drawing paws; doing it with/for your husband's sake. Very sweet of you. Were you surprised to see how many people liked footpaws?

(Thais) No, we weren't surprised at this! Menzo told me it's the most common fetish in the fandom! But it's really nice when people like my paws! It feels nice! ❤️

(TC) Well you draw really nice paws - really big pads and very huggable/nuzzle-worthy. :) When drawing paw-related stuff, what are some of your favourite themes to draw, and why?

(Thais) Well, I like every kind of theme! But my favorite theme is trying to be sexy and cute at the same time because that my art style and I want to be known by it! :3

(TC) Oooo, I like that! I've always thought that pictures that are both sexy and cute are SUCH good ones because they appeal to wide audience. They can be innocent, or

naughty depending on how you interpret them. ^\_^ What sort of picture do you like doing the *least* of all?

(Thais) I can say to you for sure, ANYTHING can be done in a cute way! ^^

The least kind of picture I like to do is gore and extreme violence! But it's fine if I do some funny violence like the awesome Happy Tree Friends! xD

(TC) I can understand how that's not something you'd really enjoy. You sure have a great attitude about it though - very positive. How long have you been with your husband now? Did you know he liked paws early on?

(Thais) We meet each other in the internet in 2015, he came after me because that friend I told to you before, [YokoSnowy](#) remember?

She did a group in the facebook and i was on it, when he meet me ^^

He started to chat with me everyday and we become friends, all my first paws and macro micro arts i did to him as commissions!

After a year, we started to like each other and now we're living together since then. The truth is, all my "paw journey" started thanks to him ♥

(TC) Awwwww, that is so sweet! It's really nice that you were so open and accepting of it, and that now it's become mainstay of your art (and gotten you an interview on here, heh). Did you or your husband have any questions you wanted to ask me before we finish up? Oop... actually looks like your hubby has one...

([Menzo](#)) When you gonna answer me in the discord? I was waiting since February! :~D

Just kidding, i want to say you are awesome, it's really a pleasure to meet such a nice guy like you. ;)

(TC) O\_o I... may have missed it. Sometimes a whole bunch of people leave me a message over night or on the weekend when I'm not online, then I log back in and have tons to try and answer and kinda forget. >\_< So, very sorry about that - please msg. me anytime if you see I'm logged in and I'll answer. ^^;

But thank you - it's sweet of you to say that - and so cool of you to help your wife with all the paw-related stuff! You two are always so adorable together in the pictures. :)

Oh, that reminds me of another question - Thais, do you often try to do a lot of art that features you both as a couple?

(Thais) Sure! I always try to put him in the pictures with me! ❤️ [Like our last picture with you](#), TC! ^^

(TC) YES! Haha... that was SUCH a nice surprise! And so, so adorable. And um... yes... that may be the sort of thing that goes on after these interviews. <\_< I just love that your art is always so playful and thoughtful too - very smile-inducing. Alright, in closing, is there anything you would like to say to the readers of the Paw-Post, your watchers and your fans? :)

(Thais) Yes, I want to thank everyone for all the support! Every watch is important to me and I will always try my best to improve my art!

I will be opening a new art raffle this week to reward my fans and watchers! X3

Anyway, it's been a pleasure talking to you TC!

Good-bye and see you later! ;3

(TC) Thank you so much for taking the time to do the interview - especially given I know it was a bit tricky with translations! The rest of ya, go check out her gallery and give her a watch! There is a lot of paw-centric stuff whether it's with Thais and her hubby Menzo, or others! And I'm quite sure we'll be seeing lots and lots more this year from her. :)

That brings us to a close for this Paw-Post, and for the month of April! Hope everyone has a good weekend and bring on the nice weather!

TC
