Part III: Half group

In the half group come up with the two strongest arguments you have. Consider the arguments the other side are going to come up with and prepare to argue against them.

1. _____

2. _____

Counter Arguments to the opposition's possible points.

1. _____

2. _____

3. _____

Debater's Name: _____ Date: _____

ChatGPT App Research

Our two speakers to start off the debate are:

1. _____
2. _____

Debate Notes/ Questions I'd like to raise.

Part V. My Personal Opinion

My personal opinion is that I agree/disagree with the statement. My main reasons are….

Debater's Name: _____ Date: _____

ChatGPT App Research

Advantages:	Disadvantages:
1. Can generate human like text 2. Highly realistic 3. Language translation 4. Can be fine-tuned for specific tasks (i.e., customer service chat bots, language games, creative writing) 5. Versatile 6. Expansive knowledge of historical events 7. Advancement from the GPT-3 model 8. Uses RLHF (Reinforcement Learning from Human Feedback)	1. Ethical concerns (can be trained on inaccurate data) 2. Potential misuse 3. Bias 4. Lack of accountability 5. Ambiguities (i.e., can be nonsensical – hallucinates) 6. Possible legal implications 7. Limited knowledge of recent events 8. Limitations in basic language model structure
