Greetings Google SolveX,

We are Anonymous of #J18's Joint-Operation BlackOut. We invite you to #JUL4's Joint-Operation BlackHouse.. <http://youtu.be/ezlkinWSJ3M> We are reviving the American Dream through a limitless arsenal of idea-tactics. <http://imgur.com/HBULR> The first vote on July 4 will be on the Leaderless Rattification of ManifestDestiny3D (Internet Sovereignty) & Virtual Independance of USA.GOV as a Citizen empowering Internet MetaGovernment. After 6/4/2012 any attempt by a Physical Government to endanger the web will be handled as a War Crime against Humanity.

Development & Voting PeerGroups are split by only 2 basic variables: Proficiency & HatBias (WhiteHatSecurity vs BlackHatFreedom). <http://imgur.com/qPV74> Everyone is invited. Voters are constitutionally and ethically entitled to utilize any resources to communicate their #JUL4 Ratification Vote to the Web Collective (Local Libraries, Post Offices, Camera Phones, Doctor BioMetricAuthentication, etc)

As long as the MetaGovernment functions (aka citizens are safe from Vote-Abuse & their Voice is never betrayed), we do not care what GUI citizens prefer to access USA.GOV (ie. google, IRC, twitter, reddit, facebook, telephones, school libraries, etc.) We do not care what political methods citizens prefer (represenitive proxies, direct democracy, Adhocracy. etc.) For better or worse, we will enforce the will of the people. (As much within the boundaries of physical laws as possible, tho Anonymous has little tolerance for Bureaucratic BS or Milgram Corruption)

While Google is the top nomination for Anonymous' 2012 Least-Hated Award, understand that we are loyal to the Human Collective first, the Anonymous Googol. It will always be Googol > Google. Also understand that as with #J18 blackout, If you help Anonymous revive the American Dream and inspire citizen activism, you will always have Anti-Monopoly partnership opportunities with Anonymous. We prefer win-wins. BlackHats are not "evil", just NSFW sometimes. We are more than capable of delivering Balance, and prepared to do whatever necessary to deliver Human Rights.

We are Anonymous.

We are Legion.

We do not forgive.

We do not forget.

Expect us to Salute you, Google.
