

Cs403 ka paper kafi mushkil bi tha or easy bi depend on study

1-partitioning ka question tha horizontal and vertical partitioning difference or horizontal ki types

2. Indexes k hawaly sy short and long main 1 1 question aya

3. Views main sy bi question aya complex or dynamic ka batana tha

4. Cache kis environment main chahiye hota hy or q chahiye

5. Baki aik do statement banani thi sql

Index hashing partitioning view in main sy swal hy kafi

And sql or sql server main difference batana tha

Kuch conceptual base bi hy

Mcqs sary moaz and waqar ki files main sy hain

Paper kafi lamba hy so tiyari achi karlo
