

## \_\_\_\_\_'s LearnToMod Journey: Level 1

### Badges

Complete at least 45 of the first 75 badges (up to Intro to Loops)

|        |    |    |    |    |
|--------|----|----|----|----|
| 1      | 2  | 3  | 4  | 5  |
| 6      | 7  | 8  | 9  | 10 |
| 11     | 12 | 13 | 14 | 15 |
| 16     | 17 | 18 | 19 | 20 |
| 21     | 22 | 23 | 24 | 25 |
| 26     | 27 | 28 | 29 | 30 |
| 31     | 32 | 33 | 34 | 35 |
| 36     | 37 | 38 | 39 | 40 |
| 41     | 42 | 43 | 44 | 45 |
| Total: |    |    |    |    |

### Cards

Complete at least 10 level 1 cards

| <u>Cards Completed</u> | <u>Checked off</u> |
|------------------------|--------------------|
| 1                      |                    |
| 2                      |                    |
| 3                      |                    |
| 4                      |                    |
| 5                      |                    |
| 6                      |                    |
| 7                      |                    |
| 8                      |                    |
| 9                      |                    |
| 10                     |                    |
| Total:                 |                    |

**Project Name:**

**Description:**

**Teacher Signature:**

*Your mod must include  
all of the following:*

**3 Functions**

**1 Nested Function**

**1 Drone**

**Build 1 Structure**

**Summon 1 Entity**

**1 Loop**

**Username:**

**Password:**

## Project Planning

Describe your project below:

---

---

---

---

---

Draw what your mod will create in the box below:

You will need to use at least 3 functions in your mod. Name your functions and say what they will do in the boxes below:

| Function 1: _____                        | Function 2: _____                        | Function 3: _____                        |
|------------------------------------------|------------------------------------------|------------------------------------------|
| <br><br><br><br><br><br><br><br><br><br> | <br><br><br><br><br><br><br><br><br><br> | <br><br><br><br><br><br><br><br><br><br> |

Once you have finished your planning, have the teacher or mentor check off this sheet. If they approve it, you may start building your project on LearnToMod!
