

ACP Career Readiness Resource Learning Guide – Goal #19

ACP Career Readiness Goal #19:

Integrate ACP/Career Readiness into Grades K-5

Resource Title with embedded link:	Type of Resource:	Description:	Resource Audience (and grade level if applicable):
Pewaukee Lake Elementary ACP	Website	During their years at Pewaukee Lake Elementary, students begin to explore the world around them, learning about careers and expanding their own levels of self-awareness. These learning experiences provide a foundation for Academic & Career Planning opportunities that they will have as they grow. The Pewaukee School District website describes the components of career awareness activities for 5K-2, with additional links to Grades 3-5.	Elementary Teachers District Career Readiness Team Administrators
Elementary School Career Conversations	Guidebook	This guide by the American School Counselor Association gives elementary teachers a place to start conversations with students, family members, and community partners which center on Academic and Career Planning and align with the ASCA Mindsets and Behaviors. CESA 10 College & Career Readiness 	Website Resource	The CESA 10 College & Career Readiness website contains a vast amount of valuable Academic & Career Planning resources districts can utilize with all stakeholders. The website is continuously updated with current and pertinent information relating to career readiness.	District Career Readiness Team School Counselors Teachers Parents Students

Guiding Questions:

- 1) What information is provided in the resource(s) that will help fulfill your ACP/Career Readiness Goal?
- 2) How can you integrate this new information into your current efforts? How does this resource fit within your current ACP model?
- 3) Are there ways to modify this resource in order to effectively use it for your context, purpose, and goal attainment?
- 4) What next steps can you take toward goal attainment as a result of this resource? What actions will stakeholders take?
- 5) How will you measure if your actions have been successful in achieving your goal?

Additional Notes:

Collaboration and Consultation

Collaboration at your site

Pre-recorded Video PD on demand

Carnegie STEM Excellence Pathway

Project Lead the Way Training and Support

Out-of school time programming support
(after school, summer)

Opportunities for PK12 Students

New opportunities arriving daily - - check out the live feed below.

Engineering Machine Design Contest

STEMJEN Road Show

On-site or virtual enrichment classes

STEM Gear for Your Classroom

All gear comes with classroom lessons, tech tips, and complete on-site support.

Robotics kits - VEXGo (grades 1-5) and VEXIQ (grades 5-9), Sphero mini

Video production (green screen, stop motion, live action, etc.)

Green energy exploration kits
