

HES Library Choice Board #4

Please select at least one of these (hopefully fun!) activities to complete.

Let me know which one you choose to do in the Google Form.

Please email me if you have questions or just want to say, "Hi!"

Choice #1- Read a Book	Read your library book or any book you have in your house. Once you are done reading, try to follow these steps to create an origami bookmark! Origami Bookmark
Choice #2- Tumblebooks	TumbleBooks has an extensive collection of animated storybooks, videos, and games. TumbleBooks takes existing picture books, adding animation, sound, music and narration to produce an electronic picture book. You can read it, or have it read to you. TumbleBooks I removed my username/password. You can sign up for a free trial and share that information with your students.
Choice #3- Digital Escape Rooms	A digital escape uses the same concept of solving a series of clues to unlock locks as a physical escape room does. However, with a digital escape, all that is necessary is a device connected to the Internet. Try out one of the digital escape rooms below. Both were made by very creative librarians! Hogwarts Digital Escape Dog Man Escape Room
Choice #4- Interland	Interland is an interactive game created by Google which teaches about digital citizenship. Students are invited to play their way to Internet Awesome in a quest to deny hackers, sink phishers, one-up cyberbullies, outsmart overshangers and become safe, confident explorers of the online world. Interland
Choice #5- Read and Ebook at Capstone Interactive Books	The perfect eBook is waiting for you! Choose from different picture, fiction, or nonfiction books. There are also more than 100 graphic novels. You will even find some HES favorites including <u>Katie Woo</u> , <u>Sports Illustrated</u> , and <u>Jake Maddox</u> . I suggest using the "visual search" feature. Happy reading! ☐ Capstone Interactive Books Username: continue Password: reading
