

Risk Racing® Factory Pit Mat *A clean and stable pit environment*

FOR IMMEDIATE RELEASE – MOORESVILLE, NC – The Risk Racing Pit Mat is designed to create a stable and clean pit environment for any rider or mechanic. Use it on the uneven terrain found in the pits at motocross tracks to create a nice work environment. Make your garage look like a factory shop with this pit mat positioned under your bike. Protect the floor in your toy hauler or race trailer. The Pit Mat rolls up to a small 5.5" diameter and fits into the supplied storage bag for easy transport. It works great with the Risk Racing RR1 Ride-On Lift, or any motocross stand on the market. It is also an eye catching point of purchase sales tool for dealers to create an exciting sales environment on the showroom floor.

It is made out of high quality materials which are durable and chemical resistant, so it will stand up to your lubes, and cleaning agents. It rolls up into a nice little 13 lb, 5.5 inch diameter roll, and comes with a zippered tote bag for easy transport.

The Risk Racing Factory Pit Mat is available now for only \$99.99. Ask for them at your local dealer, or purchase them at www.riskracing.com. To learn more about Risk Racing, or to become a retailer of Risk Racing products, call 704-658-9332 or visit www.riskracing.com.
