

Breakout University

Cynthia! I want your support to grow my new or existing digital affiliate marketing business. I want to grow it to \$10k - \$25k / month anonymously. I'll use your proven "underground" method. I'm ready to simplify everything & start landing commissions daily by just setting up some simple ads & sending out James' proven to convert emails.

I am excited to become an Anonymous Super Affiliate within Breakout University & can't wait to get my hands on the proven method James has personally used to generate over \$2.6 million in commissions.

The image shows a user interface for selecting a date. On the left, the word "End" is followed by a text input field containing "2024-03-14". To the right of the input field is a small calendar icon. Further right is a dark grey button labeled "Go". Below this section, the text "Combined Earnings:" is displayed next to a green rectangular box containing the value "\$2,663,688.03".

This process is extremely simple:

- 1) Get affiliate link of proven products to promote
 - a) We provide high converting offers. They have commission rates as high as 80%. You don't need to guess or search for them. I'll tell you exactly what to sell to get paid fast.
- 2) Leverage James' proven traffic sources that have generated sales consistently.
 - a) Don't worry about buying the wrong traffic or setting up the ads incorrectly. I'll just give you access to my very own traffic providers, sales copy & everything else you need to hit the 'go' button & get rolling.
- 3) Send emails
 - a) It is simple but very effective. We can do this without showing our face or even our name! I literally give you my own emails to copy & paste that have generated over \$2.6m online AND I'll show you how to use AI to come up with even more emails (you might even be able to beat mine?!?)
- 4) Rinse and repeat to scale.

- a) We will focus on automating this process. Allowing us to increase profits and revenue quickly and consistently.

Whilst implementing these strategies, I'll be working alongside James inside his Breakout University program, where I'll also have access to work with other 6 figure and 7 figure earners. They are also experiencing huge profits from replicating James' methods.

I understand that for the first 6 weeks, I will go through the Breakout University Fast Start Implementation program. This will guide me, with the support of James, how to quickly set up this system with little fuss.

While the Fast start program is 6 weeks, James' current students have already got results within 7 days of joining. The 6 weeks is a guide to initially understand his methods. I'll be able to implement, and get results quickly.

Great Questions and Our Answers

Do I have to use Clickfunnels?

No, we have provided recommendations for all budgets, from Groovefunnels to Systeme.io. We believe in the path of least resistance to success, so we have made that possible. Our highly converting templates, etc are easily clonable so you'll have no issues using your existing page builder software.

What email system to you recommend

We use Aweber as hands down it is most affiliate marketing friendly. Systeme.io is also a great tool to use. We provide and teach the instructions on how to inbox emails every time.

What budget do I need for Paid Traffic?

We simply recommend a minimum of \$200 per month to get moving. We provide James' best traffic providers at mate's rates. We also teach strategies on organic traffic as well if you are focusing on a zero paid traffic avenue.

Is it heavily scalable?

Yes! James has generated anywhere between 100 - 2000 leads per day, and up to \$10,000 in revenue daily. When done right, and we show you, it's extremely profitable.

What Type of Paid Traffic is It?

We focus on Media buyer traffic and/or Solo ads. James has been extremely successful and he's providing you with the know-how on how to essentially replicate his success.

The average cost per click is anywhere between 0.45c to \$1. We provide you the best providers at the best price.

Do I have to write the emails myself?

We've done this for you already. Each month James provides 30 new email swipes and offers to promote. We also teach you how to use A.I to make them unique and still convert like fire.

What is inside the Breakout University is effectively my 'life's work' online & for that reason there are no refunds. It is simply too valuable & too important to me.
