

Cost of Attendance includes tuition, fees, room and board (housing – living with a family member or on their own), books, supplies, transportation, and personal expenses.

For financial aid calculations, determining financial need:

1. Determine the student's **Cost of Attendance (COA)**.
2. Need the student's **Student Aid Index (SAI)**, which is calculated when the student files the FAFSA.
3. Formula to determine financial need of aid to be awarded:

$$COA - SAI = Financial\ Need$$
