

Hiring Alert – Technical Manager (Food Analyst) 🚀

📍 Location: Thane

🏢 Industry: Food & Water Testing Laboratory

We're looking for a highly skilled professional to lead food & water quality testing, ensure regulatory compliance, and guide a team toward laboratory excellence.

Key Responsibilities:

- ✓ Oversee daily lab operations & analytical testing (food & water)
- ✓ Ensure compliance with FSSAI, NABL, ISO/IEC 17025 standards
- ✓ Perform method validation, equipment calibration, and internal audits
- ✓ Train & guide technical staff to maintain accuracy & safety
- ✓ Maintain documentation & reports for clients and regulators

Requirements:

- 🎓 M.Sc. in Food Science, Chemistry, Microbiology, or related field
- 📜 FSSAI Food Analyst Certification (Mandatory)
- 👛 Minimum 5 years' experience in food/water testing laboratories
- ⚙️ Strong knowledge of analytical instruments (HPLC, GC, ICP-MS, etc.)
