……

INTRODUCTION

The introduction should clearly articulate the issue to be discussed in the manuscript. The author should end the introduction with a statement on the significance of the main problem and

the research objective and show the novelty of the research by including previous research.....

Citation should be in footnote model. The Authors have to use Mendeley citation software, and the citation model should be **Chicago Manual Style (sixteenth edition)** automatically by Mendeley.[1] Author should use at least 20 references (the latest in the past five years)[2].....

The word limit for the submission is 6,000 to 8,000 words, including both footnotes and the abstract.....
.....

METHODS

The method is written in a descriptive manner. This section is optional and is only required for original research articles[3]

DISCUSSION

Sub-Title of Discussion 1

This section serves as the focal point for presenting the research results. It is imperative to meticulously delineate the results in a manner that is both comprehensive and concise, thereby enabling the readership to understand the findings thoroughly .....

Sub-Title of Discussion 2

Tables and Figures are presented center and cited in the manuscript. The figures should be clearly readable and at least have a resolution of 300 DPI (Dots Per Inch) for good printing quality.
