- Keeping track of height and weight (shows progress of the students)
 - JoAnn tried to meet with coaches, but schedule would not allow, so sent an email, no response, will try again and will update at the next meeting

 - Community/parents meal all week
 - Jennifer and Pattie agreed to help JoAnn with talking to the elementary students about what makes a good meal, and what the meal components are. This went well. Had an increase in Meals as a result.
