

William Annin Middle School

70 Quincy Road, Basking Ridge, New Jersey 07920

January 16, 2026

Dear Parents/Guardians of Rising 7th Graders:

Please read below for information on the academic planning process and timeline for all rising 7th-grade students.

Rising 7th Graders (Current 6th Graders):

- Rising 7th-grade students will have their world language and musical/choral ensemble placements rolled over to their 2026-2027 school-year schedule. There is no formal elective course selection process for rising 7th graders.
- The mathematics course selection process will be completed online through Genesis on March 20, 2026. The parent portal will be opened for parents to review teacher recommendations. Parents must submit course placement requests by April 3, 2026.
 - For information regarding mathematics placements, including a summary of all courses, visit the following linked document: <https://bit.ly/wams7thgrademathplacements>

Students with IEPs will have all their core course placement determinations made at their IEP meetings.

If you have trouble entering requests once directions have been provided and the portal has been opened, please contact your child's school counselor directly.

Sincerely,

Karen A. Hudock
Principal
