"The world is a book and those who do not travel read only one page"

One of my most adventourous and memorable trip experience was, when I was studying in class 10. On Nov 27th our school planned a 3 day trip to Chikmangloor. It was one of my memorable experience. We started our journey on 24th November early morning, from Kerala to Karnataka. During the travel my classmates and teachers were fully enjoying the trip. No one got tired while travelling because all of my clasemates and teachers were excited about the arrival at Chikmangloor.

Day 1: We seached Bellur. The Speciality of the place was boating. So, me and my friends went for the boat ride. It was one of the most memorable experience.

Day2: We had arrived at Coorg. Shopping was the main attraction of Coorg. Site Seeing Included with bamboo house, tree houses and many sculptures than interesting to watch. Many tourists arrived at the place for witnessing the same.

Day3: Finally we reached at chikmangloor. The place was very beautiful. The view from the top of the hill was breath taking. Our teachers on reaching Chickmangloor suggested to have the hill top view. So we began our journay towards the top. The hill climbing part was adventourous one. That was the first time I had climbed a hill. The hill top coas covered with fog & mist. There were also ice cream and fruit sellers. Due to the heavy fog we felt like being in the clounds and that was a trip that I wouldn't forget till my last breath.
