

Privacy Policy for Jim Logger

Last Updated: January 2025

Introduction

Jim Logger ("we," "our," or "us") is committed to protecting your privacy. This Privacy Policy explains how we collect, use, and safeguard your information when you use our mobile application Jim Logger (the "App").

Information We Collect

Information You Provide

- **Workout Data:** Exercise routines, sets, reps, weights, and workout history
- **User Preferences:** Weight units, distance units, custom set types
- **Settings:** App configuration and customization preferences

Automatically Collected Information

- **App Usage Data:** Features used, session duration, and app performance data
- **Device Information:** iOS version, device model (for compatibility purposes only)

How We Use Your Information

We use the collected information to:

- Provide and maintain the App's functionality
- Save and sync your workout data across your devices
- Improve app performance and user experience
- Provide customer support

Data Storage and Security

- **Local Storage:** Your workout data is primarily stored locally on your device
- **iCloud Sync:** If enabled, data is synced through Apple's iCloud service
- **Security:** We implement appropriate security measures to protect your data

Data Sharing

We do not sell, trade, or transfer your personal information to third parties. Your workout data remains private and is not shared with external services.

Your Rights

You have the right to:

- Access your stored data
- Delete your data at any time
- Opt out of data collection (which may limit app functionality)

Children's Privacy

Our App is not intended for users under 13 years of age. We do not knowingly collect personal information from children under 13.

Changes to This Policy

We may update this Privacy Policy from time to time. We will notify users of any material changes through the App.

Contact Us

If you have questions about this Privacy Policy, please contact us at:

- Email: privacy@jimlogger.app
- Website: <https://jimlogger.app/privacy>

Third-Party Services

This App uses Apple's frameworks and services including:

- iCloud for data synchronization
- HealthKit integration (if enabled)
- Apple's Widget framework

Please refer to Apple's Privacy Policy for information about their data practices.
