Subject: Complaint letter on Electricity Problem in Sundar Nagar.

Respected Sir/Madam,

Through this letter I would like to tell you that power supply in our area is irregular and we have to face frequent breakdowns for the last 20 days. Due to which the situation here is getting worse day by day. Theft, kidnapping, murder etc due to no electricity at night! Such problems are increasing, due to which even going out of the house has become a matter of concern for people. These frequent breakdowns cause a lot of inconvenience to us! I request you to consider this problem and take necessary steps to resolve it immediately!

Thank You
Yours sincerely,
Manish
