

MONEY RAISING ACTIVITIES IN THE SCHOOLS

Activities requiring students and teachers to assist in promoting non-school related campaigns, (financial, educational, charitable, or otherwise), which demands the time of students, teachers, and administrators, shall be discouraged. All such events would first require administrator approval.

No agent or person, or persons shall be permitted to solicit any student or employee for any purpose, or distribute circulars, handbills, cards or advertisements of any kind or make announcements of any nature, or take up contributions in any school building or on the premises, for any purpose whatsoever, except by the approval from the superintendent, as being in accord with the general policies of the Board of Directors.

Participation by students in charity activities is considered to be a desirable part of their total education. However, as a matter of basic policy, the Board will authorize the administration to determine the nature and extent of such activity.
