Date(s): 29-06-2022 - 30-06-2022

Location: Juba, South Sudan

Contributors:

Brandson Umar brandsonumar@gmail.com

Achol Deng acholodengi@gmail.com

Attendance:

We had a total number of 27 participants on the opening party and 25 participants on the closing party as the others could not make it due to climatic conditions on the last event

Budget:

The original Budget was $1897

Below is a breakdown of our actual expenditure

- ❖ Venue rental $ 250
- ❖ Banners $137
- ❖ Food $310
- ❖ Drinks $191
- ❖ Projector Rental $220
- ❖ Polkadot T-shirts$310

Total: $1418

Event Summary

Our Polkadot Decoded Viewing party was organized by Brandson Umar in Juba, South Sudan at Tulip Inn, the preparations began as early as on 20th by ordering for Polkadot T-shirts, making arrangements with the Hotel.
We promoted the event on our meetup.com and endevord to engage the participants through social media and phone calls.
Polkadot Decoded Event began on 29th at 5:00 AM in the morning but this was so early for us, some sessions were recorded by Brandson using screen recorder and were later played for our audience, other sessions were viewed live both on 29th and 30th June 2022.
All our Viewing parties lasted for 4 hours each, from 1:00 PM to 5:00 PM.

Learning and Insights

During the viewing parties, we learnt about different topics, Gear marketplace marketplace.com, how to use it, connecting polkadot.js wallet, Uploading NFT, claimed some NFT by scanning the QR code and using the Gear telegram bot

We also learnt about XCm and Mantapay, Manta architecture like ZK verifier, Mantapay circuit, Mantapay pallet, and ZKP signer, transferring tokens from mantapay by XCm and Dolphin

We learnt about Parity and Web3 foundation by Polkadot Co-founder

Also, we learnt about Acala, a Defi hub on Polkadot, aUSD the decentralised and Over collateralized Stablecoin on Polkadot and Kusama.

Event Metrics and Feedback

We shared our Viewing party details on meetup.com, tweeted about the event and also used text messages to invite some of the expected participants.

Conclusion

In Conclusion, our Polkadot Viewing Parties were all fun of fun, networking, refreshments and eatables, viewing Live Polkadot Decoded Event presentations as we learnt a lot of different topics from all the presenters.
All thanks to Polkadot Decoded event organizers, web3 community and Parity technologies!!
