29. **Severe Housing Problems:** Percentage of household with at least 1 of 4 housing problems: overcrowding, high housing costs, lack of kitchen facilities, or lack of plumbing facilities. Source: U.S. Department of Housing and Urban Development Comprehensive Housing Affordability Strategy data via 2022 County Health Ranking (used data from 2014-2018) [Severe housing problems in New York | County Health Rankings & Roadmaps](#)
30. **Index Crime Rate:** 2022 Per 100,000. Index crime is defined as the violent crimes of murder, rape, robbery, and aggravated assault, and the property crimes of burglary, larceny and motor vehicle theft. These are crimes reported to the police, not arrests, and are reported to the DCJS by law enforcement agencies through New York State's crime reporting program. The FBI created these categories to allow for uniform crime reporting across all 50 states and counties. The data is compiled by the FBI and the Division of Criminal Justice Services. (Number of Crimes / Population) x 100,000 = Crime Rate per 100,000 people. Source: Office of Justice Research and Performance, data as of June 2021 via DOH NYS Community Health Indicator Reports (CHIRS) New York State Community Health Indicator Reports (CHIRS) (ny.gov) [New York State Community Health Indicator Reports Dashboard \(ny.gov\)](#)
