

THEMATIC HEADLINES

Purpose

Take on the role of a historical journalist, creating newspaper-style headlines that capture major changes and/or continuities from Unit 9. This will help you review the course themes and summarize content.

Process

1. Select three of the AP® World History course themes: political, innovation, environment, culture, economic, and social.
2. For each theme you selected, think of a change or continuity having to do with the growth of globalization (c. 1900 to the present).
3. For each theme, write a short, engaging newspaper headline that communicates the change or continuity that happened between c. 1900 and the present.

Theme	Change or continuity?	Newspaper headline
