

Dear 8th Grade Families,

I hope this message finds you well.

I am writing to provide an important update regarding the planned 8th grade field trip to North Carolina A&T State University. After careful consideration and despite our best efforts to coordinate the experience, we regret to inform you that the trip has been canceled.

This decision was not made lightly. However, due to scheduling conflicts and the significant demands of upcoming state testing, we were unable to align the trip in a way that would not interfere with our scholars' academic priorities. As always, our commitment remains centered on ensuring that our students are fully prepared for success.

While we understand that this news may be disappointing, please know that we are actively planning **alternative activities and experiences** to celebrate and recognize our 8th grade scholars. These plans are currently being finalized and will provide meaningful opportunities for our students as they prepare for their transition to high school.

To share these updates and next steps, we will host a [virtual meeting on Thursday, March 26, at 5:30 PM](#). During this meeting, we will review upcoming events, expectations, and important deadlines for our 8th grade scholars.

If you are unable to attend, a detailed summary—including all dates and due dates—will be shared with families following the meeting.

We appreciate your understanding, flexibility, and continued partnership as we work to provide a positive and memorable end-of-year experience for our students.

If you have any immediate questions or concerns, please do not hesitate to contact the school.

Thank you for your continued support.

Ronald Richardson II.

Principal
