

Technology Action Plan

Action Plan	Leigh Community School	
School Improvement Goal #2: All students will improve communication, collaboration, and digital citizenship through technology integration.		
Support Data (Results) <ol style="list-style-type: none"> 1. Staff Technology Survey Quarterly 2. Student Technology Survey 3. Digital Citizenship Certifications 	Baseline/Post Intervention Measures <ol style="list-style-type: none"> 1. Present the results during in-services and offer resources for technology integration. 2. Otis Pierce from ESU7 presents at an in-service (Canvas, Digital Citizenship, other helpful resources). 	Baseline/Post-Intervention Measures Non Norm Referenced Assessments <ol style="list-style-type: none"> 1. Administrative follow up and observations. 2. Teacher - Think/Pair/Share 3. Employ a technology integration specialist to assist teachers in using technology beyond the substitution and augmentation stages of the SAMR model
<p>Objectives:</p> <p>Curriculum: Develop technology curriculum across all grade levels.</p> <p>Teachers: Ensure the participation of all staff in ongoing professional development that prepares them to effectively use and integrate technology into the curriculum to enhance teaching and learning.</p> <p>Classroom: Using the SAMR Model, assess the current use of technology in classrooms.</p> <p>Establish a plan for the use of a common learning management system.</p> <p>Learners: Students will use digital tools to connect with other learners, engaging in ways that broaden mutual understanding and learning.</p>		

Students will become safe, responsible, digital citizens.

Research Supporting This Intervention: According to Enhancing the Art & Science of Teaching With Technology states educational technology and effective instructional strategies when used together, result in greater student achievement than when either is used alone. Technology tools have the power to enhance instructional strategies, increasing students' engagement, participation, and learning. (Magana & Marzano, 2014)

Activities and Strategies that promote Technology Implementation
