

[More big bucks in Mississippi than ever before](#) November 2, 2015

NOLA.com

... the state implemented a 4-point restriction in 1995, but that had an unintended and undesirable effect. Many hunters shot any legal buck, which left inferior deer in the woods and removed those with the best potential... Biologists discovered better management techniques ... leading to the current regulations that are based on measurements rather than numbers of points...
