

# Strategies for Failing Students

- Make individual copies for teachers/interventionists to problem solve for a group.
- Facilitators should have one copy that summarizes findings for the team/grade level.
- OR [Click here to access the TEMPLATE Google Form of this Document](#). If you use it, ***please make a copy!***

Department	Teacher	Class	Quarter	Date
<i>Directions:</i>				
<b>Discuss the number of students failing your class these nine weeks.</b> <b>Discuss obstacles, ideas, and strategies to address teacher and student need</b>				

## 1. Indicate the number of students failing your class(es)

<input type="checkbox"/> Less than 20%	<input type="checkbox"/> Less than 40%	<input type="checkbox"/> More than 40%
--	--	--

**Comments:**

## 2. List the obstacles to reaching students who are failing.

--

## 3. List ideas to overcome these obstacles.

--

## 4. Identify needed support for teachers to reduce the number of failing students.

--

## 5. Identify students of greatest concern regarding work habits and behavior.

--

## 6. Identify students of greatest concern regarding ability to learn classroom content.

--
