### **He thought that the end was near**

Father dead when 3, mother dead when 10.

It had been almost 2 years since the death of his mother. All he had left was himself and his 7-year-old little sister.

He grew up in the slums which were known to be the "breeding grounds for criminals".

No domestic help was provided, all he had left was hope.

But little did anyone think, that slight hope was good enough for a new beginning.

A kind old gentleman taught him to work with cars and fix them.

Slowly but eventually,

He started making hundreds to thousands to millions of dollars.

There is no light without dark.
