

**POLICY IMPLEMENTATION**

1. The Superintendent is responsible for the development of regulations to accompany policies approved by the Board.
2. The regulations shall provide the framework for the implementation of policies and other state or federal requirements of the school division.
3. If Board action is required by law or the Board asks that certain regulations or types of regulations be approved by the Board, the Superintendent will present those regulations to the Board for action.
4. The Superintendent or designee shall assure that all regulations are distributed to all appropriate school division employees and are included with the policy manual.
5. When revisions are needed for regulations, the Superintendent or designee shall distribute the revised regulations with instructions about replacing outdated regulations.
