

Sample Safety Policy 5

NextGen Engineering Works Safety Commitment Statement

NextGen Engineering Works is firmly committed to providing a safe, clean, and injury-free work environment for all staff and visitors. Safety is an essential value, integral to our productivity and reputation.

Commitment:

Our aim is to build a proactive safety culture where risks are minimized through education, vigilance, and adherence to best practices.

What We Will Do:

- Follow all applicable laws, including the Factories Act.
- Implement controls to eliminate workplace hazards.
- Ensure access to high-quality PPE.
- Provide job-specific safety training and emergency response drills.
- Record, report, and analyze incidents to prevent recurrence.

This policy is reviewed and revised regularly to reflect operational or regulatory changes.
