Inviting new members

Any member of the Magic Waters community can invite others to join.
Anyone who wants to participate in our programs needs to be invited first and followed the registration process before participation.

Invitation Process

Step 1: Member invites them

Hi, I want to invite you to the Magic Waters community.
Hi, let me tell you about this awesome Nature School run by Magic Waters.
Hey, I think you might be really interested in what Magic Waters is doing.

Step 2: They respond

Hi, yes please, send me more information
Hi, where do I join?
Hi, no, this is not for me.

Step 3: Refer them to a founder (for now, we're working on streamlining this process)

I'll connect you with Jorge and Melissa to take you through the next steps.

Great. I'll send Jorge and Melissa what we talked about and they'll be in touch with you.
Hi, Jorge, here's someone contact's information who want to register.

Origins

The name Magic Waters was originated by Jorge Pedret in 2022.

The name Waters comes from the 5 elements: Fire, Water, Earth, Air and Eather.

The name Magic comes from a research carried by Jorge on a collaborative technology called Loom (or "Telar" in Spanish).

The Loom has clusters of evolving teams with different roles for each member based on the 5 elements.

Water is the element in the center that goes through the evolution of the other 3 elements Fire, Air and Earth, before it transforms into Eather.

A *Magic Water* is an element that has gone many times through all the possible transformations (Fire to Air, Air to Earth, Earth to Water, Water to Eather), and has the power to create something from nothing, in other words, to initiate other elements to form a new Loom from scratch.
