

## **Democratic and Green Party State Coalition Deal**

“I was a part of the negotiations in my full capacity as a **House Representative** and **Advisor** to the **Democratic National Committee**.”

“I am very pleased with the deal. It allows both parties to play to their own strengths. The **Democratic Party** will continue it's Governorship in **Fremont** while the **Greens** will use their significant majority in **Atlantic** to vie for the Governor's seat.

“Our statewide coalition just makes sense. Our ideals and goals intertwine on key issues that will greatly improve the standard of living for every American.”

“I look forward to this deal. I know many **Democrats** are skeptical of partnering with the **Green Party** again given recent events. I would like to note that in my deliberations with the new **Green** Leadership, I see much more honorable people in charge.”
