

chromebook

All students (K-12) have a school issued Chromebook and charger.

- Students in grades 6-12 keep their Chromebook with them.
- Students in grades K-5 usually keep their Chromebook in a cart in the classroom.
- Each classroom should have 2 loaner Chromebooks for students who need to borrow one. These Chromebooks should stay in the classroom.
- Middle School Tech Support window hours: 3:30-3:35
- High School Tech Support window hours: 9-11 & 2:00-3:45 (9-noon & 2-4 on Wednesdays)

If you have additional questions about student Chromebooks, ask a nearby teacher or building administrator.
