

AXR 24hr Charity Event

Location: Nürburgring, Germany
Date: 27/28th Feb 2021

What is this?

Basically a fund raising exercise and a chance of an amazing race run by AequepaX
Racing which if goes well, can hopefully evolve into an annual event. A 24hr race with 15 sim racing teams of 3 drivers who will be encouraged to help share the funding page as far and wide as possible. The race will take place on GTSport at the Nürburgring 24hr circuit on the 27/28th of February 2021, it will be split up into six separate stints of 4hrs all of which will be streamed to YouTube with commentary throughout for everyone to watch the action unfold.
The aim is for everyone involved to help raise as much money and awareness for the charity Race Against Dementia.

How does it work?

Well, as mentioned before there will be 6X 4hr stints so each driver will in total complete 8hrs worth of racing. As the 1st placed driver crosses the finish line of stint one, stint two will get underway with a rolling start, the grid will be set by the host with drivers starting in the position they were in when the stint one winner crossed the line, and so on through the stints. All drivers finishing times will be logged and calculated to their teams total. Lapped drivers times will of course be taken into consideration and times adjusted accordingly.
As we don't want any teams chances getting destroyed by any unfortunate events such as disconnects, we have a system where if a driver disconnects from race their finishing time will be classed as +1 lap on the driver who finishes last in the lobby, this will multiply by adding 1 extra lap for each disconnect, hopefully it won't come to that but if a freak disconnect happens, said team will still be in the race.
Qualifying will take place manually before the race begins and will be a one lap shootout, obviously with a race so long qualifying isn't really paramount and so we'd like to keep it as brief and easy as possible.
The eventual 3 drivers from the team that emerges victorious will win a prize for their efforts.
