 - Thursday, April 24, 2025
 - Thursday, June 12, 2025

YUSD - Educational Options
Ahwahnee High, Evergreen High School & Yosemite Falls Education Center
Community Schools Advisory Council
Meeting Minutes

December 19, 2024

- **Welcome and Introductions** - Attendees were welcomed and time was given at the beginning of this meeting for everyone there to introduce themselves to the group and give an understanding of their interest in being a part of this site-specific advisory council for our Educational Options Schools. The following people were in attendance:
 - Denise Mathe - dmathe@yosemiteusd.org
 - Stacey Velazquez - svelazquez@yosemiteusd.org
 - Kellie Solomon - ksolomon@yosemiteusd.org
 - Ron Johnson - rjohnson@yosemiteusd.org
- **Review of Minutes from [10/24/24 Meeting](#) - Questions/Comments/Clarifications** - Time was given for attendees to review the minutes from the last meeting. The meeting minutes binder will always be brought to all future meetings so that members can also use them for reference if ever needed during these advisory council meetings.
- **Discuss Change to Start Time of these Council Meetings** - Denise Mathe explained the reasons for the change in time for these council meetings. Since attendance at all meetings is fairly light, there were several suggestions made that maybe changing the time to 4pm would make it easier for more educational partners to join in the meetings. New flyers have been put together and are being posted to show the time change.
- **CCSPP Allowables and Non Allowables Implementation Grant** - Denise Mathe used this time in the meeting to again go over the CCSPP California Community Schools Partnership Program's Allowables and Non-Allowables for grant funds. The most important thing to review is the non-allowables as these items grantees are forbidden to purchase using grant funds. Denise included it here in this meeting as it will be important to consider while developing the School's Wish List items being asked for by the grant writer for this upcoming application due in February. The document reviewed can be found [here](#) in these meeting minutes.
- **Review of the 4 Pillars for Community Schools** - Within the agenda packet for this meeting today, Denise Mathe included the following documents to review the 4 Pillars of Community Schools:
 - [Integrated Student Supports](#) - pp. 29-32 of the *Community Schools Playbook*
 - [Expanded and Enriched Learning Time and Opportunities](#) - pp. 39-42 of the *Community Schools Playbook*
 - [Active Family and Community Engagement](#) - pp. 49-52 of the *Community Schools Playbook*

- [Collaborative Leadership and Practice](#) - pp. 61-64 of the *Community Schools Playbook*
- All these review documents were added to the agenda packet for today's meeting in the hopes that attendees would use them to help determine ideas to put into the School's Wish List, which is needed to apply for the implementation grant come February, 2025. These review documents all come out of the [Community Schools Playbook](#), which can be found in the school office next to the input/suggestion box and "How are We Doing?" poster Denise Mathe set up earlier this school year. The website Community Schools Playbook is linked above for easy reference.
- **School's Wish List Ideas for Cohort 4 Application due in February** - Denise Mathe provided the following CCSPF Funding Ideas + Sample Wishlist as part of the agenda packet to help attendees help the site administrators come up with a School Wish List. The provided information can also be found [here](#) in these meeting minutes. The attendees from today's meeting developed the following as a list of School Wish List ideas to be included in the application due February 7, 2025. Denise Mathe plans to route this information over to Dave Johnson with ERC so that it will be included in the application for the Educational Options Schools; Ahwahnee High, Evergreen High School & Yosemite Falls Education Center.

Community Schools Wishlist Ideas

- Dedicated Counselor @ EOO + Homeless Liaison
- Community Schools Liaison
- Next Step (life, trade school) Job Board
- Needs Pantry (food, gas, laundry, clothing)
- Campus Safety (near EOO)
- Community Boards
- Train the Trainer (Conflict Management/Tools - for students)
- Space "to be" better / facility
- Training for Classified Staff
- After School Programming - use space for kids (club use)
- CTE Programming
- Parent Tools/Resources
- **Angel's Closet - How is this coming along? Any Other Community Needs?** - This agenda item was tabled till the next meeting.
- **Review of Any Action Items** - Denise Mathe to pass along the School's Wish List ideas onto Dave Johnson from ERC so he may include these into the application packet for CCSPF Cohort 4 Implementation Grant. Also, Denise Mathe to place the above tabled agenda item (Angel's Closet - How is this coming along? Any Other Community Needs?) onto February's agenda.
- **Upcoming (Site Specific) Meetings** - [Educational Options 2024-2025](#)

- **Thursday, February 13, 2025**
- **Thursday, April 24, 2025**
- **Thursday, June 12, 2025**
