Fallout: Equestria — Mercenary Tale

I was never a good pony, not even as a filly. Back inside Stable 4, I was destined for greatness. However, I ended up stranded outside before I could reach my full potential. I turned out to be a really good fit for the wasteland, adapting all too quickly to the horrible nature of the world.

As much as I would prefer to let you read this story with no expectations, I do have to warn you that it delves into some *heavy* themes. If there are things that strongly unsettle you, this novel might not be for you. You can find the full list here, but be warned that it might contain spoilers.
