Meeting Minutes

David and Paige reviewed the work on the human sexuality curriculum from the prior meeting. As a result of the consensus building activity, a spreadsheet was assembled that outlined a number of different vendor responses to the specific topics. An overview was conducted for the following curriculum.

- Aim for Success
- Big Decisions
- LifeGuard
- Choose the Best
- Health Smart Health Education Program (no information provided)
- The Human Body Shop (no information provided)
- Living Well Aware (current)

From here, the SHAC agreed to review four curriculum and SHAC members were given the option of adding additional curriculum for consideration based upon their own efforts. A process was outlined for the review of the curriculum and vendor Q&A for the upcoming meetings.

Time was then dedicated for subcommittees to break-out and work.

Meeting was adjourned.
