## COMMISSION INFORMATION/RULES-

I mainly take commissions through my [Kofi](#) but I am also available and open to receiving private direct messages on any [social media site](#) you can find me at or through **Discord** (@CyberneticSlasher) or **Email** (cyberneticslasher65@gmail.com )

When commissioning me, specifically for anything other than customs, I would prefer if this form could be filled out:

- Expressions/Poses (please provide multiple and specify which character if there is more than one)-
  - Character/s ref (provide a link or send an image)-
  - Any props?(sunglasses, weapons, plushie etc.)-
- Theme (scary/dark, adventure/exploring, fighting/arguing, etc.)-
- Any other specific details needed-

For custom designs, I would prefer if this form could be filled out:

- Species character is based on (i.e. human, robot, transformer, wolf, cat, demon, etc..)-
- Alignment (i.e. good, evil, anti-hero, decepticon, autobot, etc..)-
- Color palette: (i.e. mostly green with yellow highlights, a link to certain colors you want, please specify if you want only 2 colors or multiple...)-

**-Body type(i.e. buff, lanky, tall, skinny, chubby, dad bod, etc...if you include images explaining that would help a lot!)-**

**-Extras(i.e. wings, multiple arms, armor, helmet, specific things you'd like me to take inspo from, etc...)-**

or, if a character just needs a redesign:

**-Link to reference/character-**

**-List the things you want changed(i.e. different colors, different head design, different species(human-robot), etc...)-**

I put a lot of thought and heart into my work, and I try really hard to put a lot of meaning into things I draw and make. I prefer if I am provided with ample information about a commission/custom but I am also happy to work with a small prompt as well! When it comes to inspiration I am cool with being shown images of other things (i.e. you want a monster bat and give me examples of what you like!) I will not freak out that you are showing me someone's concept art or otherwise, and I will not take direct inspiration(steal the idea etc...)

I don't mind providing changes to a commission, I prefer that any and all changes are brought up during the sketch stage, I can still happily change things after lineart but I will not change a pose completely after lining. I don't exactly charge a fee for changes but if it gets up to the 3rd major revision I will start charging a fee (between \$5 and \$10).

After your commission/custom is finished, you are free to do with it as you please, whether it be posting it online somewhere, getting it printed out, using it in any shape or form for personal use. I do not wish for my work to be sold commercially without my knowledge or without compensation, (i.e. you make pins of your character I drew and sell them)

I will not hound or beg about it though, if I find out you are making profit off my work I may blacklist you and refuse any further commissions...

If you do post my work somewhere else, I would love credit! You can link me in it either by @ my account on the social media or providing a link to my Kofi or wherever you contacted me for the commission! I would also prefer that for any custom designs I make crediting me as the designer but I won't hold you too harshly to that!

**I HAVE THE RIGHT TO REFUSE ANY COMMISSION REQUEST WITHOUT GIVING A REASON WHY**

## PAYMENT METHODS-

All payments are to be made in USD, I ONLY take payment via PayPal or Kofi, I prefer full payment upfront either before or after sketching phase!

send me a dm to discuss possible **payment plans**. I like to go half before starting commission and half before coloring and/or shading but for more expensive prices I don't mind adjusting to the commissioners needs! (examples below)

\$100	\$200	\$300
-\$50 before start -\$50 after lineart	-\$100 before start -\$100 after lineart	-\$150 before start -\$150 after lineart

## DESIGN RIGHTS-

I'm fine with character design changes of any variety, as long as they are not too drastic or unrecognizable, you do not need to show me to verify it's ok.

-I have the right to reuse some aspects of a design I have created.

-You can trade, resale and even giveaway designs/characters by me to others no matter how you receive them (i.e. sell then trade or trade then sell)

## TIMERATE-

All commissions can take up to a week or 4 months at most, under normal conditions.

If a commission is going too slow please do let me know BUT if we have not discussed a due date **OR** if it has been a week and I have not given any updates DO NOT harass or hound me for it to be finished. As stated before I am fine with being asked on the status of commissions and I do openly recommend it **BUT** I try to work through my list as **first come first served** and being asked day after day can stress me out and avert working on it or responding. I am a grown adult who has outside responsibilities to myself and those around me (family and pets.) I also work a fulltime job! Please be kind and courteous and treat me with respect as I do with you. Thank You.

## REFUNDS-

I can do refunds but only at **half price**. No full refunds are allowed unless I have not started a commission or deem it necessary for a full refund. If you ever want a refund let me know and we can discuss it! If you file a **chargeback** either via bank or PayPal you will be blacklisted.
