

Step 1: Complete the Unit 1 Progress Check: MCQ in AP Classroom

- There are 15 multiple choice questions
- As you go through the questions, pay attention to the feedback, especially for the ones you get incorrect
- There is no timer, so take your time
- The focus here is to practice multiple choice questions, not necessarily to see what you know.
- Do not cheat. Just do your best. This is not for a grade.
- This practice is important because it is similar to what you will see on the AP exam in May.

Step 2: How did you do?

- I got _____ / 15 questions correct!
- *What topics in Unit 1 do you need to study?*

Step 3: Complete the Unit 1 Progress Check: FRQ Part A in AP Classroom

- There are two questions and each question has two parts, so you are writing a total of four responses.
- Do not cheat. Just do your best. This is not for a grade. This is practice.
- After you submit your responses, you need to score them yourself using the scoring guidelines provided in AP Classroom.
 - Check the Homework Google Site (linked in Canvas) to see instructions for how to score your own responses.
 - This homework is not considered complete unless you attempt to score your own writing based on the guidelines provided for you.
- If you need help, please ask your teacher.
- You can complete this part of the homework at any point during the week as long as it is before Friday.

Step 4: How did you do?

- I got _____ / 4 possible points!
- *What skill or content do you think you need to study based on this attempt?*
