I've joined the 2026 WISER Quantum Program — a program bringing together thousands of learners to dive deep into the future of quantum technology.

This year's focus?

🧠 What is the Future of Optimization? Classical + AI + Quantum

I'm looking forward to learning from global experts, connecting with a community of quantum enthusiasts, and building my skill set!

Huge thanks to @THEWISER for making this opportunity possible.

🔗 If you're curious about quantum, there's still time to sign up:
