This organization will abide by American Quarter Horse Association Rules Please refer to a current AQHA handbook, which can be found online; it is each member's responsibility to obtain these rules, though a current AQHA Rule Book will be on hand at each show. General rules, club specific rules, exceptions, and special age-specific rules, are outlined below:

Since **sportsmanship** is the most important and best respected quality of all contestants, the following rules must be observed by all contestants:

- Profanity **will not** be tolerated in any context. Contestants and/ or spectators noticing or offended by the behavior or language of any competitor should voice their concerns *to the office as soon as possible*.

- Contestants may not argue any judge's decision without filing a formal protest accompanied by \$25.

- Abuse of one's horse, such as excessive whipping, beating, whipping on head, excessive jerking of reins or spurring will not be permitted in any CRRC sponsored event. The first infraction of this rule will result in a verbal warning. Second infraction will result in loss of any awards and/ or points won at that show. The third infraction will result in the denial of all points won for the calendar year of the offense. The event judge and/ or CRRC executive board decision shall be final.
- **Safety First!!** Common sense rules are to be practiced with your horses and children at all times. Our Goal is to provide a safe, fun environment to learn good horsemanship and to practice good sportsmanship. Please be responsible to yourselves and your peers by practicing common sense and courtesy to those around you. **RIDE SAFE!**
- **No loping or running in the parking lot.**
- **No tying to arena fence**
- **No blocking the gate**
- **Contestants are responsible for picking up manure and trash in the area near and around trailer.**
- **ABSOLUTELY NO STALLIONS!**
- Any contestant who, through lack of control or poor sportsmanship, endangers the safety of anyone can be penalized at the event at the discretion of the judge and/or CRRC board members present. Penalty can include ejection, loss of points, etc.

(*see attached document for AQHA Western Equipment)

Exhibitions will be run concurrently in judged classes. Contestants must declare which horse will be used for the exhibition classes and will pay fees accordingly. In Western Pleasure and Walk/Trot contestant will turn number around or ride without a number so judge knows they are exhibition only.

1. **Western Pleasure:** Refer to current A.Q.H.A. rulebook
2. **Western Horsemanship:** Refer to current A.Q.H.A. rulebook
3. **Western Riding:** Refer to current A.Q.H.A. rulebook
4. **Western Showmanship:** Refer to current A.Q.H.A. rulebook
5. **Ranch Riding:** Refer to current A.Q.H.A. rulebook
6. **Reining:** Approved club patterns will be given to the judge
7. **Trail Class:**

WESTERN PLEASURE: The horse has a free-flowing stride of reasonable length in keeping with his conformation. He should cover a reasonable amount of ground with little effort. Ideally, he should have a balanced, flowing motion, while exhibiting correct gaits that are of the proper cadence. The quality of the movement and the consistency of the gaits is a major consideration. He should carry

his head and neck in a relaxed, natural position.

WESTERN HORSEMANSHIP: Is designed to evaluate the rider's ability to execute, in concert with their horse, a set of maneuvers prescribed by the judge with precision and smoothness while exhibiting poise and confidence and maintaining a balanced, functional, and fundamentally correct body position. The ideal horsemanship pattern is extremely precise with the rider and horse working in complete unison, executing each maneuver with subtle aids and cues.

WESTERN RIDING: The horse is judged on quality of gaits, lead changes at the lope, response to the rider, manners and disposition. The horse should perform with reasonable speed, and be sensible, well-mannered, free and easy moving. Credit shall be given for and emphasis placed on smoothness, even cadence of gaits (i.e., starting and finishing pattern with the same cadence), and the horse's ability to change leads precisely, easily and simultaneously both hind and front at the center point between markers.

SHOWMANSHIP: Is designed to evaluate the exhibitor's ability to execute, in concert with a well-groomed and conditioned horse, a set of ground maneuvers prescribed by the judge with precision and smoothness while exhibiting poise and confidence, and maintaining a balanced, functional body position. Horse is not saddled and is show in a halter.

RANCH RIDING: The purpose of the ranch riding class is to measure the ability of the horse to be a pleasure to ride while being used as a means of conveyance from performing one ranch task to another. The horse should reflect the versatility, attitude and movement of a working ranch horse riding outside the confines of an arena. The horse should be well-trained, relaxed, quiet, soft, and cadenced at all gaits. The ideal ranch horse will travel with forward movement and demonstrate an obvious lengthening of stride at extended gaits. The horse can be ridden with light contact or on a relatively loose rein without requiring undue restraint, but not shown on a full drape of reins. The overall manners and responsiveness of

the ranch riding horse to make timely transitions in a smooth and correct manner, as well as the quality of the movement are of primary considerations.

REINING: Is a judged event designed to show the athletic ability of a ranch type horse in the confines of a show arena. In reining competition, contestants are required to run one of several approved patterns. Each pattern includes small slow circles, large fast circles, flying lead changes, rollbacks over the hocks, a series of 360-degree spins done in place, and the exciting sliding stops that are the hallmark of the reining horse. To rein a horse is not only to guide him, but also to control his every movement. The best reined horse should be willingly guided or controlled with little or no apparent resistance and dictated to completely. Any movement on his own must be considered a lack of control.
