

2024-2025 Brevard County Public Title I Schools

Challenger 7 Elementary School-Family Compact for Learning

District and School-based Title I Family Engagement Programs in Brevard County will strive to **BUILD RELATIONSHIPS** in order to create real family engagement for **every** child, **every** family, **every** teacher, **every** day.

This document was jointly developed by the families, students and staff of Challenger 7 Elementary School. This agreement explains how families and teachers will work together to make sure all students reach grade-level standards. Meetings are held each year to review this Compact and make changes based on student needs.

School academic goal(s) and/or focus area(s)

Challenger 7 teachers will implement Kagan Structures to improve student engagement and student collaboration. Teachers will use these structures to gain student understanding in ELA and Math. Teachers will provide differentiated intervention and small group instruction in ELA that will be supported by the Title I teachers and assistants.

Working together for success: In the classroom

Teachers will hold meetings to discuss specific academic data with parents/guardians. Families will have the opportunity to ask questions and teachers will model skills and give suggestions to families on how to help their child at home.

Working together for success: At home

Families will check their child's agenda and/or take-home folder daily. Families will look for teacher messages on FOCUS, assignments, flyers, and newsletters. Families should sign up on FOCUS to monitor their child's grades. Families will contact their child's teachers when clarification is needed on homework or classwork or if they have questions regarding their child's behavior. Families will make sure their child comes to school on-time and prepared for the day.

Working together for success: Student responsibility

Students will be responsible for maintaining the integrity of their laptops and headphones for use during iReady and other instructional programs. Students will come prepared to class with materials needed to be successful and communicate to their teacher and staff if they need materials. Students will maintain behavior that is consistent with Challenger's STAR expectations; Safe, Trustworthy, Actively Engaged, and Respectful.

Communication: Staying informed

Two-way communication tools utilized by Challenger 7 include FOCUS, email, and phone calls. Teachers will communicate student progress through FOCUS as well as any of the above listed means of two-way communication. Families can communicate concerns by contacting teachers through FOCUS, email, or by calling the school.

Building Partnerships

We will provide events so families can engage, learn and enjoy activities together on campus and at home. As permitted within safety regulations, we will welcome district approved volunteers on campus.
