

2025 - 2026

Scholarship Opportunities

Below is a link to our FCS Scholarship Opportunities file, which is also shared with our students in their Class of 2026 Google Classroom. Please use the "25-26" tab to view the scholarship opportunities we have received so far for this school year. This list will be continuously updated throughout the year as we receive updated scholarships from last year and any new scholarship opportunities for our district. Be sure to check the file frequently for the latest updates.

Students can also view past scholarship opportunities from previous school years by checking the other tabs, which may help them prepare for potential scholarships that could become available this year.

Please feel free to contact jdepinet@fostoriaschools.org or searl@fostoriaschools.org if you have any questions or concerns related to scholarships or the college readiness process.
