

Title: Myloweslife, the Lowes Employee Website

[Myloweslife](#) is a login portal designed and operated by the Lowes Store for its employees. This portal can be used by both current and former employees of the company. Here's what you need to know about My Loyalty Life Employee Portal, how to log in, and whom to contact if you have any problems with the portal.

Lower employees can now view their information about their employee benefits View

There is a website called Employee Portal for Lowe's employees. To access this portal you need to go to the website and sign in with your sales ID and password. Loyes is one of the largest retail chains that sells home improvement products. It has more than 700 stores in 40 states across the country and has more than 100,000 employees. To make it easier for its employees to manage work-related information as well as their benefits, Loyes launched the Employees Portal.

Through this portal employees will now be able to view their information about their employee benefits, their work schedule, their retirement plans, get an email account of them, and connect with other employees. Using this portal makes it easy for employees to keep track of all the information they need while working at Loess. They no longer need to contact the HR department with questions about their facilities but they can see for themselves where they stand when they visit the website.

Former employees can also log in to the website but they can access limited information and are given a link to where they can go to complete their transition from active employment to retirement. These links guide you through the Loos Benefit Handbook and Cobar's Choice Guide to Facilities. They are given links to ADP and e-trade where they can manage their retirement benefits and their employee stock purchase plans.

As an employee, if you forgot your password to access the website, you can easily recover it by retrieving the password. As an employee of Loyes, through the employee portal, you can register with the discount center which allows you to get up to 90% discount from various Loyes sites. You can sign up anytime to enjoy this opportunity yourself. To get these discounts you need to log in to your account and go to the item you want to buy. Then you need to select the retailer and look for a discount offer. At this point, you will receive information for your redemption code. After checking out, you can now enter the clearance code and get your discount.

As an employee of Loyes with the website, Loyes has made it very easy for both past and present employees to take advantage of them. For current employees, they can not only keep track of their benefits but also keep track of their work schedule as well as access to the HR department. They have a way to keep in touch with other emails through their email account and the company can take advantage of the employee discounts.

Login to Myloweslife

To log in to your Myloweslife portal account you need to check out the following:

- Sales number
- Password
- An active internet connection
- A secure browser (Firefox or Google Chrome)

If you are a new employee and you do not have your password, you need to contact your HR department and they will help you get your login credentials. If you are a former employee, keep your login credentials in hand before logging in to your Loess account.

Myloweslife - Current Employee Login

Current employees can access the portal website at <https://www.myloweslifellogin.com> or they can click here to go to the login page.

- A webpage will appear before you ask for your sales number and password.
- Your sales number is actually your user ID.
- Enter your sales number.
- Then proceed to the next field where you need to type the password.
- Now press the "Login" button.

After a successful login, you will see two types of action options - part-time and full-time employees.

Choose the one that applies to you.

You are now ready to access information related to your employment.
