

BC Weekly #58: Chuck - 01/10/23

Attendees: DSide, DeFiBeats, Chuck, RTJ, Omen, MC10, RA, JoeKing

Welcome to Week 58 of Bankless Consulting. I'm your host - DSide.

For over a year, the Founders, Associates and Contributors of Bankless Consulting have been building the world's first web3-native consulting firm. We are business consultants, Marketing gurus, Tokenomics/Governance/DAO nerds, Devs, Writers, Lawyers and other experts in web3. We live in web3 and we're here to show the way to existing web3 orgs and those who want to be here. We're on a mission to guide businesses and other organization on their journeys into and around web3.

The format is the following:

- BC Office and Project Updates
- Guest Interview
- Guest AMA
- Wrap-up/What did we learn today?

...and away we go!

Newsletter w/ DSide article

We've already gotten a tremendous response to our first 2 editions and we're over 100 subscribers in just a few weeks. Look for BC Newsletter 3 to drop in a couple of days.

this podcast.

Chuck Cummings

Building blockchain tech for real world impact.

What did we learn today:

1. Chuck can work for 10 hours straight
2. Chuck is building the BC Social Impact practice

3. Web3 tech is good for the world
4. We expect more innovation to come from the developing world
5. BC made it through our first year after starting at the top of the market - the absolute worst time.

Please subscribe at banklessconsulting.substack.com leave us comments to spark conversations.

If you are like us and have some chops, we want to meet you. If you need our services, we want to speak with you. Hopefully this episode informed you a little bit about who we are and what we're doing to build the future of web3.
