

Privacy Policy for Chrome Extension

Last Updated: May 20, 2026

1. Introduction

Thank you for choosing our Chrome Extension. We are committed to protecting your privacy. This Privacy Policy explains how we handle information when you install and use our extension.

2. Data Collection and Usage

We believe in absolute data minimization and the principle of least privilege:

- **Personal Data:** The extension does not collect, store, track, or share any personally identifiable information (such as your name, email address, or phone number).
- **Browsing History:** The extension does not track, log, or record your browsing history, searches, or website traffic.
- **Local Storage:** Any configurations, preferences, or application settings you modify are stored strictly on your local device using Chrome's secure local storage API. No data is transmitted to external servers.

3. Third-Party Services

The extension does not use any third-party analytics, tracking scripts, or advertisement networks. It operates entirely within your browser environment without communicating with outside servers.

4. Security

We value your trust. Because all data remains local to your device and within the secure sandbox provided by the Google Chrome browser ecosystem, your information is protected from external unauthorized access.

5. Changes to This Privacy Policy

We may update our Privacy Policy from time to time. Any changes will be posted directly on this page and will take effect immediately upon publishing.

6. Contact Us

If you have any questions or suggestions regarding this Privacy Policy, please feel free to reach out to us through our developer contact options on the Chrome Web Store listing.
