

Is this a medical emergency? If you answer yes, what is your first action?

1. ____ A child eating at a picnic table near you gets up suddenly and puts their hands to their throat.

2. ____ Your friend falls off their bike and skins their knee.

3. ____ You forget your homework.

4. ____ You are playing soccer with a friend and start to feel dizzy.

5. ____ A friend falls off a piece of equipment at the playground and is not moving. Their eyes are closed.

6. ____ You are walking with a friend out on a grassy field in your neighborhood when they trip and fall. They complain of ankle pain and can't walk without limping.

7. ____ You are playing outside and see extremely dark storm clouds approaching and the wind is blowing increasingly hard.

8. ____ You drop your cell phone and the glass cracks.

9. ____ Your friend falls off their skateboard, lands on some rocks, and is bleeding badly.

10. ____ The child you are babysitting is stung by a bee. They are complaining that they are itchy and are having a hard time breathing.
