Abstract

The abstract is a summary of the article's content that contains the key points of each component of the article. At a minimum, the abstract must include the objectives, methods, instruments, data collection techniques, data analysis techniques, results, and conclusions. The abstract should contain between 150 and 200 words. The abstract is written in English using Century Schoolbook font, size 10, single-spaced, and italicized. The total length of the article should be between 6 and 12 pages.

Keywords*: list several keywords related to the content of the article; the keywords consist of 3–5 words and/or phrases (Calibri, 11pt, italic).*

1. Introduction (Calibri, 11pt, bold, justified)

This section discusses the research objective or problem, the novelty or academic contribution, and the theories related to the objective and novelty of the research. The objective and novelty are presented in the opening paragraphs of this section. Paragraphs in the introduction, as well as in the other sections, are written in Calibri, 11pt, justified. The introduction through the conclusion must contain at least 4,000 words.

First Subsection: Calibri 11, bold, italic, justified

Second Subsection: Calibri 11, italic, justified

2. Research Method (Calibri, 11pt, bold, justified)

This section discusses the research approach as well as the methods or techniques of data collection and analysis used by the author to address the issues stated above. This section also contains information regarding the research location, respondents, or sources of research data.

First Subsection: Calibri 11, bold, italic, justified

Second Subsection: Calibri 11, italic, justified

3. Results and Discussion (Calibri, 11pt, bold, justified)

The discussion and research findings are presented in this section. The discussion must be supported by data that aligns with the research objectives. A discussion accompanied by a supporting table must follow the format shown in the example in Table 1.
