

How to Use Preview to Sign a PDF Document

1. Step 1: open the PDF
2. Step 2: Click the Markup Tool

3. Step 3: Click on the Signature Icon and choose Camera from the dropdown.

5. To insert your signature into a document, click on the Markup Tool, click on the Signature icon, and select your signature to insert it into the PDF. You can resize and move your signature once it is inserted into the document.
