Algebraic Chest:
1. Tap to open your algebraic chest
2. When the rarity of the card appears exit the game
3. If you want a card of that rarity (Rare, Very Rare, Algebraic Rare) reopen app and wait for the card to be revealed
4. If you do not want that rarity, completely close the app and then restart the game
5. Once you restart you will still have your gems and can repeat the steps until desired rarity appears
